

AUTO BANDITS IN CUSTODY IN IOWA

Men Who Stole Car of A. C. Stouffer From Harms Hotel Arrested at Harlan.

BODY IS LEFT AT BOONE

Machine Was Taken Saturday Night—Thieves Confess to Crime and Will Be Brought Back.

R. J. Wright, Superior Wis., and James Roulette, Hartford, Conn., were arrested last evening at Harlan, Iowa, charged with stealing the automobile of A. C. Stouffer, Moline, which was taken from in front of the Harms hotel, Saturday evening between 11 and 12 o'clock.

The machine was a Ford roadster and Mr. Stouffer offered a reward of \$50 for the arrest of the parties who took the car and \$25 for the return of the car without the thieves. Sheriff O. L. Bruner was given the case and he telegraphed all of the towns within a large radius of the crime. Last evening there came a telephone message to the sheriff's office from J. J. McMann, chief of police, that he had the two men in custody and that they had confessed.

Body at Boone.

They said the body of the machine had been left at Boone, Iowa. A grip full of goods and marked "Hodgson" was also found with the men. Whether they picked this up at the Harms or elsewhere is not known. It is expected a deputy will leave this evening to bring the bandits back to the city.

FRANK MILLER HEADS THE 1915 TRACK AGGREGATION

"Frankie" Miller, 15, was last night elected captain of the 1915 track and field team of the high school. This is the first year that Miller has been on a high school team, but his work during the past season has proved that he has enough fight and pluck to make one of the best captains that has ever lead an Islander. In the Big Eight he ran the prettiest race of the meet and finished second only to Chalk. His spectacular, plucky finish excited comment, and his selection as captain of the 1915 aggregation is regarded as an exceptionally fine choice.

LAD BACK TO ST. CHARLES

Otis Rodriguez, 12 Years Old, Wanted to Join Carnival Troupe.

Otis Rodriguez, 12-year-old Rock Island youth who ran away from home to join a show troupe, will be sent back to St. Charles training school. Several days ago Otis told his parents, who reside at 535 Twelfth street, that he was going to run away with the carnival company. Yesterday the lad left school for Exposition park where he was arrested by Officer Kinney.

Otis was committed to the training school at St. Charles last year, but was paroled several months ago on his promise to reform. The lad is at present in the care of Mrs. Margaret Schroeder, police matron. A parole officer will probably come from St. Charles to take the lad back.

WELL KNOWN MOLINE MAN RECOMMENDS IT

HAS MADE A PERSONAL TEST OF PLANT JUICE WITH THE USUAL GOOD RESULTS.

Mr. Harry V. Bell of 526½ Tenth avenue, in Moline, has made a thorough test of Plant Juice and is now recommending it. He said: "I was troubled with indigestion, my appetite was poor and I did not seem satisfied with what I ate, was very nervous and did not sleep well, waking at the slightest noise. Plant Juice was recommended to me and I decided to try it. I am rapidly getting back to my former good health, gas formation in my stomach has stopped, food digests better and does not distress me, my rest is not broken as before and my health is much improved. It is with pleasure that I recommend this most excellent remedy."

Confinement in office, store or shop, long hours, brain strain and overwork, lack of exercise cause the above conditions. The system needs a tonic and corrective. Plant Juice will build you up, strengthen, revitalize and invigorate you and put you into a healthy condition. BEAUTIFY YOUR HAIR

with simple, safe, home-made tonic. Get from any druggist 6 ounces of Bay Rum, 2 ounces Lavender de Cypres and 16 drachms of Menthol Crystals. If you like, add 1 drachm of your favorite perfume. Mix thoroughly, apply night and morning with fingers, for dandruff and itching hair. Contains no dye or coloring matter, but one ingredient, according to authorities, actually forces the renewed action of the dormant pigment-forming cells and thereby restores permanently gray hair to its natural color. This same ingredient is also a powerful stimulant to the growth of new hair.—(Adv.)
